

SREDNJA ŠOLA ZA
GOSTINSTVO IN TURIZEM
MARIBOR

- Traveling and presenting our school:
 - Teacher traveled to Ghana
 - Representing our school

- Presenting real life situation in Ghana:
 - Showing photos from trip
 - Knowing the country
 - Presentation of research paper
 - Watching videos
 - Video conferences (informal)

- Brainstorming questions we wanted to know about health and environment in Ghana.
- Health questions:
 1. What are the 3 most common illnesses of young people?
 2. Do you know someone who has AIDS?
 3. Are the doctors in your country well paid?
 4. What kind of protection during sex do you use?
 5. What are you doing to improve your health?
- They send us questions too but this is the part when their representatives come to our country

- Research paper on tourism in Ghana:
- Demonstration the present situation of the third world countries.
- Tourism is not flourishing due to poorly developed infrastructure.
- We analyzed the primary characteristics.
- Twelve goals for sustainable development of destination.
- Tourist offers provided by tourist agencies and tour operators located in Maribor.
- Slovenia should consider the opportunities that investments in Ghanaian economy could bring.

- Conclusions of research paper:
- Can tourism be further developed in Ghana?
 - Different kind of tourism.
 - manufacturing sector can definitely be backbone for service sector.
 - Side question: What would happen in real life?
- social responsibility:
 - Responsibility from W countries (partnership, investing...)
 - Respecting the interests of every individual
